## RE: INSIGHTFUL AND VISIONARY HEALTHCARE DIALOGUES

Dear Colleague,

We are excited to invite you to our three-part dialogue series of virtual roundtable discussions, which seek to connect healthcare professionals and enable engagement and collaboration on issues impacting the healthcare ecosystem.

The series kicks off on 22 September 2021, with a dialogue on the National Health Insurance (NHI), followed by a discussion on Fraud Waste and Abuse in October and, in closing, a Technology in Healthcare dialogue on 18 November.

We have an array of industry experts who will share their knowledge and expertise on the different topics, all of which will address a broad range of issues and challenges facing the industry in 2021. Through these dialogues, we aim to empower delegates with the know-how to make informed strategic and operational decisions over the coming year.
